

# Profile strip SLG-S-18-400

Part number: 525697

FESTO

 [General operating condition](#)

## Data sheet

| Feature                        | Value                          |
|--------------------------------|--------------------------------|
| Mounting position              | optional                       |
| Corrosion resistance class CRC | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity         | VDMA24364-B2-L                 |
| Ambient temperature            | -10 °C ... 60 °C               |
| Product weight                 | 517 g                          |
| Type of mounting               | Via through-hole and dowel pin |
| Material housing               | Hard anodised                  |
